ORIGINAL MIND

Quartz, one of the most resistant and beautiful elements of nature, together with the creativity of Silestone®, offer revolutionary collections, luxurious textures and unique product designs.

Cosentino is very proud to announce the NEW BLANCO ZEUS EXTREME. The Research and Innovation department has been continually striving every day to achieve the whitest colour that has ever been possible with quartz! This goal has finally been successfully achieved.

Innovative and evolution with the biggest selling colour world wide. Extreme Blanco Zeus maintains the same outstanding Physical/Mechanical characteristics along with the exclusive Antibacterial protection- the only difference is a dramatic increase in its "whiteness".

 INNOVATION

**YOUR FAMILY IS UNIQUE.
 YOUR ANTIBACTERIAL SILESTONE® WORKTOP IS UNIQUE.**

Silestone® worktops are the only quartz surfaces that can inhibit the growth of harmful bacteria that are commonly found in even the cleanest kitchen and bathrooms. This is because all Silestone® products exclusively contain antibacterial protection: the antibacterial protection is added during the manufacturing process. It is present in each quartz particle, giving maximum hygiene and security to your home.

For peace of mind, look for the Silestone® logo on all our products. **Reject all imitations.**

SILESTONE PLATINUM BY FERNANDO ALONSO

EXCLUSIVE PLATINUM SURFACES

The new Platinum series by Silestone® has been inspired by the challenging world of Formula 1. Our quartz is combined with metallic minerals through an innovative production process which combines high temperature with low emissions and 100% recycled water. This superior production provides us with a luxury Silestone® Collection that boasts a unique metallic shine.

The new Platinum series by Fernando Alonso is a luxury premier product with:

- The exclusive technology of antibacterial protection.
- High resistance to scratching, knocks and impacts.
- Low particle emission through its production.

Silestone® Platinum by Fernando Alonso: innovation, technology and beauty in your kitchen

CERTIFICATIONS

This certificate ensures that Silestone® does not generate any substance considered to be harmful to the environment, it also guarantees air quality in this way, Silestone® contributes to a high level of environmental protection.

The Cosentino environmental management certificate. This certifies a good performance and the continuous environmental improvement of the cosentino productive processes. Specifically, the efficient use of raw materials, the control of emissions to the atmosphere, residue control, systems of treatment and re-use of industrial water, the disposal of chemical substances and the control of environmental risks.

Certification accredits Silestone® as a "Safe Material for direct contact with food". It is issued by NSF an American organization that certifies health and hygiene.

It is guaranteed by widely-respected organizations such as the FDA and the WHO (World Health Organization)

Cosentino has obtained the hygiene tested' LGA Certificate for Silestone® worktops. This certificate is given only to products that have ensured high levels of hygiene during its manufacturing process and they fulfill all regulated microbiological requirements.

This certificate gives the assurance to consumers that antibacterial Silestone® is a safe and high quality product!
